THE TOOLS OF THE TRADE

COOKIT

PURCHASE A FOCUS ON FOOD COOKIT WITH A 50% GRANT FROM THE FOOD STANDARDS AGENCY
A ONE-STOP SHOP FOR A FULL KIT OF QUALITY COOKING EQUIPMENT HOUSED IN A BRIGHT, DURABLE, EASILY WHEELED CONTAINER.

The COOKIT is a set of high quality cooking equipment. Each COOKIT contains all the equipment needed to teach basic cooking and baking skills to groups of up to 12 pupils. The kits include mixing bowls, jugs, chopping boards, scales, baking equipment and trays, saucepans, can-openers and ladles. It also includes a range of items for teacher demonstration and a full colour COOKIT guide of activities, recipes, a risk assessment outline and health and hygiene advice for teachers to help plan lessons.

The COOKIT has been developed for primary schools by The Focus on Food Campaign, with the support of the Food Standards Agency. It is designed to enable teachers to teach practical cooking skills and inspire children to learn about healthier eating and food safety. It can be used in a range of teaching situations, including playgroups, cooking clubs and young people's organizations.

Focus on Food Executive Director Anita Cormac said:

'The COOKIT is a fantastic concept that has been really well received by all primary schools. After years of experience teaching cooking to young people, we know what works well, what will be used and will last. We also understand how carefully schools need to manage their budgets. The COOKIT has been carefully designed and trialed to ensure it effectively supports cooking in schools. The equipment is robust, made to high safety specifications and represents good quality and value.'

The COOKIT equipment has been selected from the same range that has been used on Focus on Food's famous teaching kitchens, the Cooking Buses, during the past ten years.

Primary schools can apply for a grant by completing and returning the application form (fax or post). The deadline for applications is 19 March 2010.
